

HOW TO RECOGNISE AN ORIGINAL

Restylane® Restylane® SKINBOOSTERS™

Dear Customer,

From January 2018, you will notice a new hologram sticker on all boxes of Galderma fillers. This affects the full Restylane portfolio of NASHA and OBT products as well as the Skinboosters range.

We have taken this step as an anti-counterfeiting measure to protect our distributors, our customers and our consumers. The continued growth and success of the Restylane brands mean there is an increasing risk of bogus products into the UK market and during 2017, we intercepted a number of counterfeit products from various locations destined for the UK.

The new sticker is applied at the Galderma warehouse in the UK. This guarantees the product is genuine Galderma stock from the UK and has been delivered to our authorised distributors subject to the correct conditions.

Galderma hope that you are reassured by this positive measure and our continued commitment to delivering the highest quality products.
