**As your local community pharmacy, we can offer a wide range of services for you and your family. This leaflet provides information about our services.**

## **NHS services we provide:**

**Dispensing prescriptions** - We dispense NHS prescriptions (paper and electronic) and will give advice on how to get the most benefit from your medicines. We keep a comprehensive stock of medicines and use a fast and an efficient wholesaler service to enable us to dispense all prescriptions promptly.

We can also dispense NHS repeat dispensing prescriptions. Ask us for more information about this service.

All medicines are dispensed in child resistant containers unless you ask us not to. Please remember: **keep all medicines out of the reach and sight of children.** Our staff can advise you on safe storage of medicines.

**Unwanted medicines** - Please return all unwanted medicines to the pharmacy where we will dispose of them safely.

**Health advice and self-care** - Our pharmacist and trained assistants are available to provide advice on all medicines and minor ailments, in private if required. We can also give you advice on how to live a healthy life, for example, advice on how to stop smoking or healthy diets. We can direct you to other sources of advice and assistance if we cannot help you ourselves.

**Patient records** - We keep records of all your prescriptions dispensed by us as well as records of other services we provide to you. This helps us check for possible problems, such as reactions between medicines and will help us deal with any queries you may have.

We comply with the Data Protection Act and the NHS code on confidentiality. If you want to discuss the records we keep, please speak to a member of staff.
